# MEMBERSHIP BENEFITS

The Federation of Historical Bottle Collectors cordially invites you to join a dedicated group of individuals and clubs who collect, study and display the treasured glass and ceramic gems of yesteryear.

The Federation of Historical Bottle Collectors (FOHBC) is a non-profit organization supporting collectors of historical bottles, flasks, jars, and related items. The goal of the FOHBC is to promote the collection, study, preservation and display of historical bottles and related artifacts and to share this information with other collectors and individuals.

Federation membership is open to any individual or club interested in the enjoyment and study of antique bottles. The Federation publication, *Bottles and Extras* is well known throughout the hobby world as the leading publication for those interested in bottles and "go-withs". The magazine includes articles of historical interest, stories chronicling the hobby and the history of bottle collecting, digging stories, regional news, show reports, advertisements, show listings, and an auction directory. *Bottles and Extras* is truly the place to go when information is needed about this popular and growing hobby.

In addition to providing strength to a national/international organization devoted to the welfare of the hobby, your **FOHBC Individual Membership** benefits include:

- A full year subscription to the bi-monthly (6 issues a year) 72-page publication *Bottles and Extras*. Various options are available including Digital Membership.
- Free advertising of "For Sale" items in *Bottles and Extras* (restrictions apply - ads may be up to 100 words, items must be of \$25 or greater value, and free advertisements are limited to the first 100 received, based upon date mailed). One free ad of 60 words each year for use for items "Wanted", trade offers, etc.
- Follow the development of the FOHBC Virtual Museum. FOHBC members will be museum members.
- The opportunity to obtain discounts to be used on "Early Admission" or table rental at the annual Federation National Shows and Conventions.

We encourage **Affiliated Bottle Club memberships** by offering these additional benefits to your group:

### Where there's a will there's a way to leave Donations to the FOHBC.

Did you know the Federation of Historical Bottle Collectors is a 501C(3) charitable organization? How does that affect you? It allows tax deductions for any and all donations to the FOHBC. You might also consider a bequest in your will to the FOHBC. This could be a certain amount of money or part or all of your bottle collection. The appraised value of your collection would be able to be deducted from your taxes. (This is not legal advice, please consult an attorney). The same type wording could be used for bequeathing your collection or part of it, however, before donating your collection (or part of it), you would need the collection appraised by a professional appraiser with knowledge of bottles and their market values. This is the amount that would be tax deductible. Thank you for considering the FOHBC in your donation plans.

## Article Submission Requirements:

All BOTTLES and EXTRAS articles or material need to be submitted on CD (preferable) or an email using a compressed (zipped) file. The file must be created by Microsoft Word, Publisher or Adobe N-Design so the editor does not have to retype the work. High-resolution digital images are our preferred format. Please submit digital images on a CD according to the instructions below. We will accept e-mail submissions only if the image resolution is acceptable. The e-mail or CDs must have only ONE subject per transmission to minimize confusion. Each image must be accompanied by a caption list or other identifying information. Professional-grade equipment is a must to achieve the size and quality image we require. The highest setting on the camera should be used for maximum resolution and file size. Only high quality images will be considered. Please do not send photographic prints or scans of images—the color and quality are generally not up to par compared with digital images or slides scanned by our imaging department. We will consider exceptions for photos that can't be easily found, such as older historical images. We rarely use slides anymore and prefer not to receive submissions of slides due to the time and liability involved in handling them.
