

# Jim Healy comes through again for Houston 24!

By Elizabeth Meyer

H24 Butterfly Logo Jug #1

Each FOHBC National, I happily take on the task of contacting my friend Jim Healy and ask him to provide a commemorative jug or two (or three) that we will auction and or raffle. The jugs are extremely popular and collectible, and I have added a few to my collection. This year was no exception, as we sent Jim some of our Houston 24 artwork and referred him to our Event Info Packet. The jug boxes arrived and we anxiously opened and we are extremely happy. We took a few quick photographs. All I can say is Jim has done it again...outstanding!
